Installation Made Quick and Simple. QUICKPAK®

Bolt, Nut & Gasket Kits ensure that your customer will have the right number and correct size bolts & nuts at time of installation. Our inclusion of zinc plated bolts & nuts – packaged in sealed poly bags - ensure that gaskets will be clean and undamaged when the end user is ready to begin installation. Quickpak product is perfect for use in Mechanical Construction, Industrial Manufacturing, Waste Water & Water Treatment as well as Fire Protection applications.

We maintain a substantial inventory of the most commonly used styles and sizes of bolt, nut & gasket kits and can ship promptly to your distribution facility or direct to your customer's location. You and your customers will love the quality and convenience of Quickpak! Call APG to obtain price quotes and place orders.
